

Dear all,

For those of you who have thought how you'd like to see the Club moving ahead from 2019 onwards, and those who would like to be more involved in running the Club, have you thought of putting your name on the Nominations List for the 2019 Committee that is currently up on the notice board?

If you'd like to take a low-key role, consider applying to be a general committee member. You'll attend the committee meetings, gain experience and insight and get involved in using your skills where you can make a difference. Or, if it's a particular post you're interested in where you have some experience, that may be for you. There are so many areas you can get involved in, from having a hand in maintaining the Club premises and Club boats, to helping out with sailing events, to joining the bar and galley teams, to putting on entertainments, to helping with the Cadets, there is bound to be something for everyone. You'll find it fun and very rewarding being part of the team, and you will be involved in the core decision-making processes that guide the direction of the Club.

You'll need to find someone to propose you for the role, and a seconder. The details can be entered on the nominations list, then all you have to do is attend the AGM, scheduled for Sunday morning, 13 January 2019 where the 2019 Committee is voted on. Remember that the Club's officers and committee members are elected - you can put your name down for a specific position even if another name has already been entered against that role on the Nominations List. If you have any questions, pop down to the Club when the bar's open and feel free to have a chat with one of the flag officers.

Even if being on the committee isn't your thing but you would like to help just let us know - it is *your* Club!

From your Committee
